

# Product information

## Soft wrap

The universal star amongst romwell's shaped parts is the soft wrap. It is particularly flexible and offers optimal surface, edge and all-round protection. Its simple and diverse usages are impressive. In economic and ecological terms, it is an interesting alternative to complex, shaped parts and bulk materials. Individual segments can be easily broken off at the perforation.

Like other padding products, soft wrap can also be equipped with self-adhesive lines.

Soft wrap

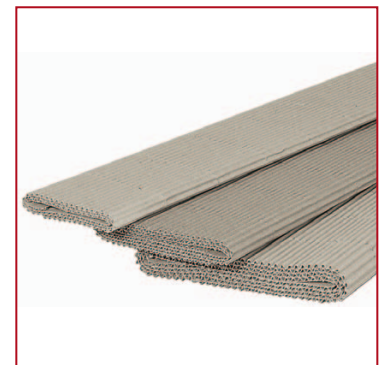

## Usage of soft wrap

Soft wrap protects sensitive packaged products.

Soft wrap offers reliable edge protection.

Soft wrap in three standard sizes and special dimensions subject to customer requirements.
